Creating
beautiful smiles
for life.

**STRAIGHTEN TEETH
WITH ALIGNERS @ ZYDUS**

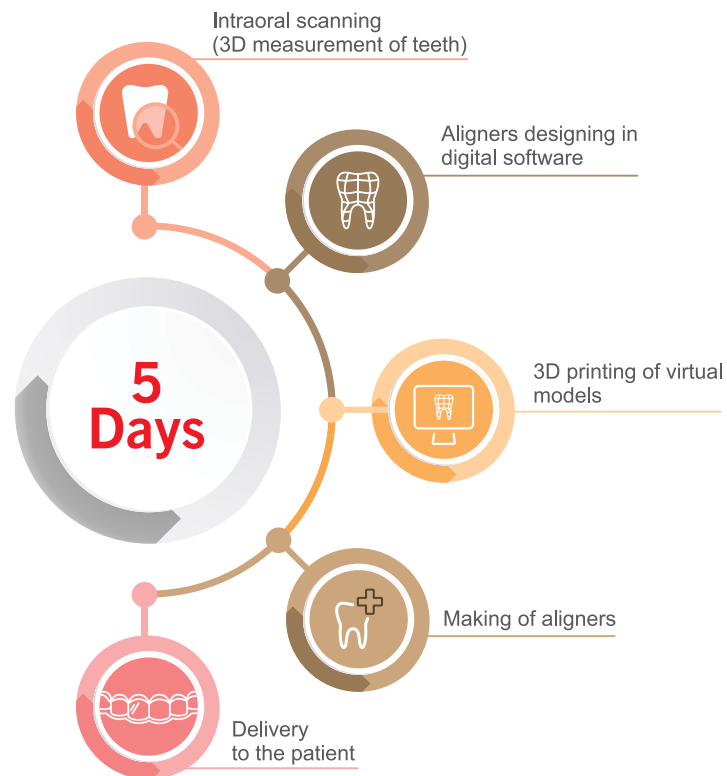

What are Aligners?

- An alternative to traditional braces
- Designed to help guide teeth into their proper position
- Gradually shifts teeth into the ideal position
- Makes your teeth straight
- An invisible, transparent plastic material
- You can speak and smile during the treatment period without any difficulty
- Fabricated to produce lower forces to ensure a gentle yet fast tooth alignment

ALIGNERS can be worn with confidence as patients can be assured that while wearing these aligners, they can speak with ease, and feel confident when smiling and engaging in everyday activities. These aligners are pleasantly smooth and comfortable because they don't require screws and wires.

Fastest turn around time

Features of Aligners

Transparent

Almost invisible, so you look good and feel confident.

No Diet Restrictions

In many cases, therapy is more affordable than other treatment options for teeth alignment.

Removable

Aligners can be taken in and out of your mouth quickly and simply at any time (e.g., when you're eating or brushing your teeth).

Efficient

It can be removed easily and still has the same efficiency

Hygienic

We recommend our cleansing powder to care for this product.

Comfortable

Aligners are pleasantly smooth, so you can speak and laugh without difficulty.
